## LABEL PAINTING

I Wayan Piki Suyersa (Piki, b.1996) lives and works in Jogjakarta, Indonesia. He completed his fine arts education at the Indonesian Art Institute. Piki is an important emerging voice in abstract painting. His attention to detail, vibrant colours and layered brushwork captured the focus of our team when looking for the perfect label for our Waitaki Rosé Brut.

The layers of grape varieties, aromas and flavours are echoed in Piki's beautiful artwork 'Pusaran'. He is composing harmony through layers of dots, lines, colours, and shapes. The painting becomes a feast for the senses.
